

Software Product Description

PRODUCT NAME: VAX DOCUMENT/LN03 FONT PACKAGE, Version 1.1

SPD 28.84.02

DIGITAL distributes these software products under license from Compugraphic Corporation.

DESCRIPTION

The VAX DOCUMENT/LN03 Font Package is a set of soft fonts (character sets). The package consists of a collection of type fonts which are designed for use with VAX DOCUMENT and the LN03 or LN03-PLUS laser printers.

Note: A type font is a typeface in a specific size and style.

VAX DOCUMENT/LN03 Font Package:

This package contains the following type faces, sizes, and styles:

Family	Size	Style
Palacio	6,8,9, 10,11,12, 14,18,24, 30,36	Roman, Bold, Italic, Bold Italic
Triumvirate	6,8,9, 10,11,12, 14,18,24, 30,36	Roman, Bold, Italic, Bold Italic
Courier	7,8,9, 16	Roman, Bold, Italic, Bold Italic
Almost	6,8,9,10	Roman, Math Symbols
Computer	6,8,9,10	Math Italic
Modern	10	Math Extension

Except for the Almost Computer Modern fonts which are used exclusively for setting mathematical equations, all the fonts contain a character set which consists of ASCII characters, DEC supplemental characters, and a set of publishing characters.

The Publishing subset consists of eight characters: Bullet; Em dash; En dash; Dagger; Double dagger; Register mark; Trademark; Open triangle.

Palacio and C.G. Triumvirate are distributed under license from Compugraphic Corporation.

Courier fonts are distributed under license from Bitstream, Inc.

Almost Computer Modern fonts are in the public domain.

HARDWARE REQUIREMENTS

Any valid VAX or MicroVAX system configuration supported by VAX DOCUMENT, Version 1.1 and a LN03 or LN03-PLUS laser printer (with 2 RAM cartridges).

Disk space temporarily required for installation (system disk):

32,500 blocks (if the fonts are to be installed on the system disk)

16,250 blocks (if the fonts are to be installed on a disk other than the system disk)

Disk space required for use (chosen disk): 16,250 blocks

These block count sizes are approximate; actual sizes may vary depending on the user's system environment, configuration, and software options selected.

OPTIONAL HARDWARE

None

SOFTWARE REQUIREMENTS

For VAX Systems

VMS Operating System, at a minimum of Version 4.7

VAX DOCUMENT, Version 1.1

For MicroVAX Systems

MicroVMS Operating System, at a minimum of Version 4.7*

VAX DOCUMENT, Version 1.1

* The MicroVMS Extended Base component is required.

OPTIONAL SOFTWARE

None

INSTALLATION

Customer Installed

SOFTWARE WARRANTY

SOFTWARE LICENSING

This software product is furnished under the licensing provisions of DIGITAL's Standard Terms and Conditions.

For more information about DIGITAL's licensing terms and policies, contact your local DIGITAL office.

SOFTWARE OPTIONS CHART

The distribution Media Codes used in the Software Options Chart are described below. You specify the desired Media Code at the end of the Order Number e.g., QB-17TAA-V5 = binaries on TK50 Tape Cartridge.

5 = TK50 Tape Cartridge

Z = No hardware dependency

M = 9-track 1600 BPI Magtape (PE)

Note: The availability of these software product options may vary by country. Customers should contact their local DIGITAL office for information on availability.
